DETAILED ACTION

Allowable Subject Matter

1. Applicant's amendment filed on 8/15/05 have been fully considered and are persuasive.

2. The following is an examiner's statement of reasons for allowance:

As per independent claims 1, 11, applicant's claimed invention is deemed allowable over the prior art of record as the prior art fails to teach or suggest a die mounted directly to said programmable logic device and comprising a first communication channel (i) configured to convert between a first serial data signal and a first parallel data signal and (ii) coupled to a first of said routing channels to exchange said first parallel data signal with at least one of said logic block clusters in combination with other limitations as recited in independent claims and further in view of the specification and applicant's arguments.

As per independent claim 19, applicant's claimed invention is deemed allowable over the prior art of record as the prior art fails to teach or suggest a circuit comprising means for directly mounting a first programmable die and a second die, said means for directly mounting comprising one of a substrate and a housing and means for coupling said means for converting to said means for routing to exchange said first parallel data signal between said means for converting and at least one of said logic block clusters in combination with other limitations as recited in independent claim and further in view of the specification and applicant's arguments.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
